

INTEGRATED LIBRARY MANAGEMENT SYSTEM (ILMS)

GIOM has installed and started using ‘Senayan Library Management System (SLiMS)’ open source software for Library Management in the year 2018.

The library has a provisions such as OPAC (Online Public Access Catalogue) for students & faculty members to search books by title/author name, Master Files management to manages document referential data such as GMD, Collection Types, Publishers, Authors, Locations, Authors and Suppliers etc.

All work of library related to issuing and returning of books to students and faculty members is fully computerized. All book copies are managed with barcode support.

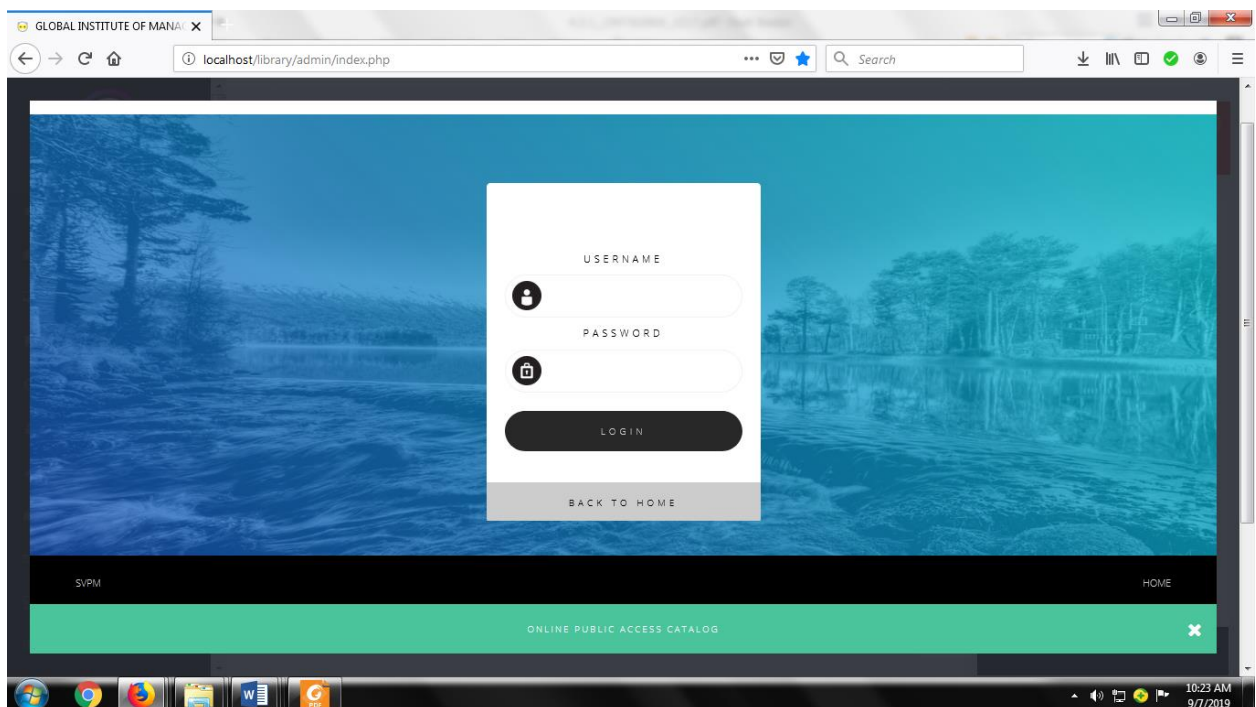

SLiMS covers all areas within the preview of the efficient Information Management and at the same time provides a precious tool to all its members to have access to these resources.

Currently we are having following Library Management System:

- Name of the ILMS Software : SLiMS (Senayan Library Management System)
- Nature of Automation : Partially
- Version : 8
- Year of Automation : 2018.
